Dear Miss Wardsot:

We are saddened to learn of Miss Jones' passing but of course not surprised as she had failed so much in the last few years. You will miss her very much but it will be a satisfaction to know how much you did for her over the years.

In regard to the books: It was nice of you to think of me and advise me about them. I want very much to see them and will be glad to buy what I can and help you dispose of the rest. I cannot come down until March. How would Saturday March 14<sup>th</sup> suit you? I could be there before noon as I would be coming from New Jersey. If a later date would be better, let me know. Please send the 'phone number there if you have it. Don't try to work too fast. I know you must have a lot to contend with. I've closed up two or three estates and know the work involved. Let me know about the 14<sup>th</sup>.

Sincerely,

Roderick Benton.
